A BELIEVE IN OUR PEOPLE

Arrelic relies on the expertise of its people to provide solutions and services that deliver value to customers involved in consulting, predictive maintenance, Training & Development, reliability software solution and predictive Analytics.

Recognizing that people are our most valuable asset, we're continuously investing in our people, ensuring that our organizational needs match their individual skills, capabilities and expectations.

In doing so, we're constantly developing and enhancing a team capable of working in close proximity to customers worldwide, meeting and often exceeding their needs.

We view the quality of our human resource management as fundamental to the success of our business.

GLOBAL EXPERIENCE

In the globalised world, plotting an international career path has become increasingly attractive. Arrelic gives you the chance to virtually 'book ahead' by expressing your desire for an exciting overseas assignment from the moment you start with us.

Arrelic will expand the divisional business in different geographical location and our international reach provides you with significant opportunities to develop learning experiences that span the globe.

MANAGING YOUR PERFORMANCE

Our performance management and development process (PMDP) – an integral part of our career development framework – aligns your individual objectives and development plan to those of the business. The process consists of annual goal-setting and six-month reviews, which give you the opportunity to discuss your progress with your line manager and update your development plan.

As a result, we'll make sure you have the learning, experiences and coaching you need to perform your role successfully. You'll develop personalized goals that specify your objectives in areas such as people, quality, growth and operations. This will form the focus of your review meetings. In addition to the mid-year PMDP meetings, we encourage you to talk to your counsellor (usually your line manager) on a regular basis to raise any concerns or to clarify any performance issues. And of course you'll also be continuously learning and receiving feedback as you gain experience on the job. you'll be expected to provide formal and informal input and feedback for others as well. It's how we all succeed together.

MAKE A DIFFERENCE

When we recruit, we ask, “*Can Arrelic succeed without you?*” This is one way to measure yours. We aspire to make a difference and succeed because we are different. We bring a customized approach, a fresh insight, an uncommon passion. This is best substantiated by our relationships and Trust.

The Arrelic difference lies in the power of individuals. Individuals who are challenged by mentors, supported by teams and motivated by tangible results. Here, you’ll drive client results, helping leaders in business change the rules of the game, not just play better.

We create rich opportunities for our people: broader choices, faster learning and rapid advancement. It allows us to develop leaders who go on to use their skills within Arrelic and beyond. we value and enhance your ability to make a difference.

At Arrelic you'll find a career that is not only challenging and rewarding, but which also unlocks countless endings to your own unique success story.
